Dear Mr. Coolidge,

It is our pleasure to participate in the Tap Root Cultural Exchange Program, and to cooperate with your NGO, ATAYAL. The mission of our museum is to enlighten the public about the complexity and diversity of Taiwan's natural ecology, prehistory and its indigenous cultures. We believe this program will enhance the interactions among Austronesian cultures in Pacific region, and facilitate the younger generation to discover their indigenous identity.

We agree to offer your group of 12 people accommodations for 3 nights from Sunday, December 8 through Wednesday, December 11, 2013. We will also assist to host various events, including tailored museum tour, workshop, and Austronesian Film Festival.

We look forward to working with ATAYAL in promoting cultural exchanges in the months to come. Should you need any further assistance, please contact Ms. Huang, Yu-lun.

Sincerely,

Shannan Chang

Director
